ARTS*IDEAS*CREATIVITY*

ALIVE in the UNIVERSE

Brief for art-films

Invites everyone anywhere in the world to make a short (2-3 minute) art-film expressing how it feels to be alive in the universe.

Every single film will be screened at the Aldeburgh Beach Lookout during 2018 and shortlisted films screened at the Venice Biennale 2019.

ALIVE in the UNIVERSE art-films should be short, powerful and abstract (not narrative) using vision and sound to convey emotion. Feel free to collaborate with other people if you would like to.

Any equipment may be used, including mobile phones, so long as the end result is high quality and well edited. Entry fee £20 – this includes free entry for another person somewhere around the world, who cannot afford to enter.

Please email your film to caroline@carolinewiseman.com via a large free file share system like wetransfer.com or similar. Please make sure that all films are made in the highest resolution possible, saved as an mp4 file and that either the front or end titles include that the film is made in association with the Aldeburgh Beach Lookout for ALIVE in the UNIVERSE. Also please ensure that you have permission for use of any footage from people in your films and use of music.

For more information, ring 01728452754 or email.
